Job title: Youth LEAD Field Instructor
Reports to: Youth LEAD Program Manager
Job Classification: Seasonal

Organization & Program Description:

Environmental Traveling Companions (ETC) is a nonprofit, volunteer-based organization that makes the joy and challenge of outdoor adventures accessible to people with all abilities and under-represented youth, inspiring self-confidence, connection to nature, and community-based environmental stewardship. Since 1972, ETC has served over 105,000 participants in our accessible Sea Kayaking, Whitewater Rafting, Cross Country Skiing and Youth LEAD Programs.

The Youth LEAD (Leadership, Environment, Adventure, and Diversity) Program (YLP) is one of ETC’s four main programs. This program provides life-changing outdoor experiences for youth from diverse cultural and economic backgrounds, focusing on technical outdoor skills, environmental education, and leadership development. The YLP 14-to-21-day courses incorporate multiple outdoor activities to expose students to an array of experiences, challenges, and personal growth opportunities. Students experience sea kayaking, backpacking, and white water rafting to learn about themselves, their community of peers, and CA natural history through lessons, storytelling, and adventure.
