

YLP Scholarship Scenarios for Website

Our mission is to make outdoor adventures accessible for all, and we do our best to meet each applicant's needs! All scholarship applications are assessed on a case by case basis. We take into consideration the student's financial need and how much demand we have for scholarships overall. We also work with other organizations whenever possible to co-fund a student's spot, to alleviate as much of the financial burden from families as possible.

Example Scholarship Scenarios:

Sam applied for the 14-Day Access to Adventure Course. The full course cost is \$3,675. Sam's guardians filled out the scholarship form, which includes a brief outline of the family's income and expenses, and they requested a \$3,000 scholarship from ETC. ETC reviewed the scholarship form and approved the amount. Sam's family's contribution to the course is \$675.

James is a participant at Pomeroy Recreation and Rehabilitation Center. He heard about ETC's Youth LEAD Program through Pomeroy's newsletter, and is really excited to apply for the 14-Day Access to Adventure Course. His family filled out the scholarship application, requesting a \$3,400 scholarship from ETC. Pomeroy Center agreed to contribute \$200 to James's participation in the course as well. With ETC and Pomeroy's support, James's family's contribution is \$75.
